JACKETS

Rain Jacket
BE-5601

Sporting an updated fit with sleek quilt lines, the classic Nuptse jacket provides lofty, puffed warmth with deep baffles that are stuffed with 700-fill goose down to capture warmth where it counts.

Rain Jacket
BE-5602

An update to a classic, this lightweight insulated hoodie hugs the body for a sweater-like fit and features slim 700-fill down chambers that capture and maintain warmth in cool-to-cold conditions.

Rain Jacket
BE-5603

Rely on the outstanding warmth-to-weight ratio of this 550-fill insulated, waterproof ski jacket to keep you on the slopes longer exploring the glades and back bowls. Select alpine-specific features throughout.

Winter Jacket
BE-5604

Our classic, coveted Nuptse down jacket is crafted with ample 700-fill goose down and redesigned with a sleek, flattering fit. Double-layer taffeta paneling at shoulders provides added durability from abrasion caused by pack carry. This product contains at least 90% bluesign® approved fabric -- a standard for environmentally responsible production.

Winter Jacket
BE-5605

Explore the city streets with the substantial warmth of this winter jacket that features a shorter 28.5" length and is insulated with 550-fill down protected by a durable, nylon ripstop exterior.

Winter Jacket
BE-5606

Battle dropping temperatures on the slopes with a 550-fill down insulated hooded jacket for reliable warmth without weight in cold conditions. The durable ripstop exterior has a DWR (durable water repellent) finish to shed light snowfall.
